Registration

- Rally Obedience is a form of dog obedience with a twist - a total focus on fun and excitement for the dog, handler, and spectator. Dog and handler teams follow a set course, performing the exercise indicated by 10-20 consecutive signs. Signs are numbered to indicate the course the handler and dog take during the performance. There is much variety within each rally course. Rally is different than traditional obedience in that handlers may talk to their dogs, praise them, and give them needed verbal commands; making it a really fun sport! Basically Rally Obedience is a cross between traditional obedience and agility (because every course is a different, unique design). Rally is more relaxed than the precision and repetition of competitive Obedience, focusing instead on attitude and on enthusiasm, while the variety of exercises and courses allows you to show off your versatility and teamwork.

Novice Rally

- All exercises are performed with dog on leash.
- There is a requirement of 10-15 stations to complete.
